

A Word From the President of Veracity Aviation

Despite the economic downturn that seems to be encompassing the economy, November proved to be a very successful month; December through the first of the year is looking to be very busy as well. Aerial photography is still a major part of our operation and we are continuing to provide a quality product for our customers at the best price. We have reached an agreement with My Arc World Inc. to help boost these photography and video sales as well.

The maintenance side of the house has been equally busy. The 4400-hour overhaul of helicopter N784SH has begun and is ahead of schedule and on budget. We plan on flight-testing by the first of the year. Our helicopter owners continue to be provided the best service in the industry.

Flight training was a major success as well. We completed four check rides this month: two instrument check rides, one CFII and one private. Karl Beier completed his private add-on rating with us in less than one month, with a cumulative 11 training days. So a big congratulations is due to Karl and the exceptional talent and dedication of Michael Hoser to see this job all the way through.

There was a featured story on the front page of the New Braunfels Herald-Zeitung (25 Nov 08) on one of our students, [Pat Scrogin](#) (Iraq War Disabled Vet). The story is available on our website. Our part 141-flight school certification is still moving forward and we hope to have this certification for the flight school in the near future.

Through the month of December we will be offering a variety of helicopter tours in our R-44 for Christmas Light viewing. The details for these adventures can be found out on our website and the actual tour certificate can even be purchased there as well. This could be the perfect gift for the person who has everything. Until next time-

Safe Flying,

Derrick

Featured Student

Karl Beier

Karl came to Veracity Aviation from Louisiana and through his hard work, determination and his "will-do" attitude he received his Helicopter Private Pilot's License Add-on rating in less than two weeks. He is the President of Beier Radio based in Belle Chasse, LA.

December Events

- * Christmas Light tours- New Braunfels or San Antonio
- * New Year's Eve Tour
- * For the holiday season only, fly along with our pilots and shoot aerial photos of your decorated home at night.
- * Tired of gifting the same presents year after year? Give the gift of flight as an unusual and certainly unconventional Christmas present. Though offered year round, Veracity will be at County Line Bar-B-Q (on IH-10 West between Wurzbach and Huebner) selling gift certificates at KTFM's His/Hers gift idea party starting at 5 p.m.
- * You can also view descriptions and purchase Discovery Flights, flight training and our non-seasonal tours [online](#) now!

Welcome Charles Allen, Jr. Our New Enrollment Manager

Charles, an entrepreneur, sales marketing and professional business developer attended Nyack College in New York where he majored in Global Business Management. He comes to us with many years of experience in sales and recruiting. We welcome him to the team.

Veracity Aviation's First Friends and Family Turkey Fry

On very short notice, Veracity employees' family and friends gathered in November for their first Thanksgiving Turkey Fry. Michael Hoser gave discovery flights and pictured here is mechanic Rudy Sanchez's wife and daughter. We'd like to thank everyone who made it to the party and we hope to see you all next year.
