## Discovery Flights

Stop Dreaming and start flying! [Sign up](#) now through our website for a discovery flight.

September was an extremely busy and productive month for Veracity Aviation. Veracity Maintenance picked up considerably and we also did a good amount of flight training. With the help of Blake Schwertner; the rides at the Miles, TX Cotton Fest were very successful and fun for all involved. Even though the weather kept us from flying as much as the locals wanted us to, it was still very fruitful.

I would also like to say congratulations to Steve Brimmer on completing his commercial add-on.

There should be quite a few more of those guys getting their certificates in the coming months. Kevin Mackenzie and I will be taking a R-44 we just sold down to Brazil early this month and we should have some good pictures and stories on next month's newsletter. Until next time.

Fly Safe,

Derrick

## \$10 Helicopter Flights

Come out to Veracity every October 10 for \$10 helicopter ride day from 9 am to 12 pm. Also, the New Braunfels Airport Cafe will be having its free pancake day so make sure you take advantage of this great offer.

## Comal County Fair Parade

This month, the Comal County Fair Association held the annual Comal County Fair Parade. Veracity Aviation brought one of our Robinson R-22's and spruced it up a bit! The crowd loved the helicopter and we enjoyed seeing the city.

**Featured Student**  
Steve Brimmer

Steve started a very aggressive flight training schedule in September to start and complete his commercial add-on since he is an experienced airplane pilot. In three weeks time, he worked hard, flew often and passed his checkride. He had this to say to Mike, his chief instructor, when he finished:

"Thanks Mike.....you spent a lot of extra time helping me meet that goal...you guys go the extra mile!"

We are proud of Steve and wish him well. Hopefully he will stop in every now and then to let us know what he is up to!

This picture is from his first solo.
