

# Contract Pilot

---

We can provide a skilled pilot for your aircraft. Let us take you where you need to go on a one-time ferry flight or for an extended number of days.

Veracity Aviation pilots are qualified, professional, dependable and committed to safety.

We can also provide you a full-service helicopter management program to include pre-buy inspections, delivery, maintenance and scheduling.

In addition, we can provide a pilot to train you in your aircraft at your location. We provide initial or add-on private, commercial, instrument, CFI, SFAR-73 reviews and advanced or continuation training.

## Contact Us

---

If you are interested in any of our services or have any questions please feel free to give us a call. Also, our website has information on other helicopter services we offer.
